

13	Multimodel Adaptive Control with Switching
13.1	Introduction
13.2	Principles of Multimodel Adaptive Control with Switching
13.3	Stability Issues
13.3.1	Stability of Adaptive Control with Switching
13.3.2	Stability of the Injected System
13.4	Application to the Flexible Transmission System
13.4.1	Experimental Results
13.4.2	Effects of Design Parameters
13.5	Concluding Remarks
13.6	Problems
