

2	Discrete Time System Models for Control
2.1	Deterministic Environment
2.1.1	Input-Output Difference Operator Models
2.1.2	Predictor Form for Deterministic SISO Models
2.2	Stochastic Environment
2.2.1	Input-Output Models
2.2.2	Predictors for ARMAX Input-Output Models
2.2.3	Predictors for Output Error Model Structure
2.3	Concluding Remarks
2.4	Problems
